Edward J. Radlo, Reg. No. 26,793

Sir:

Pursuant to the provisions of 37 CFR § 1.56 and §1.97-§1.98, Applicants hereby submit patents and publications listed on the enclosed Form PTO/SB/08a of which they are aware, which they believe may be material to the examination of this application and in respect of which there may be a duty to disclose. This IDS is being filed simultaneously with a Request for Continued Examination under §1.114.

A list of the patents and publications is set forth on the attached Form PTO/SB/08a. A copy of each of the items on the PTO/SB/08a is supplied herewith, except for the twelve issued United States patents.

Applicants previously cited all of these references to the USPTO in previous Information Disclosure Statements, but the references were not considered by the Examiner, for various disclosed and undisclosed reasons, described as follows:

1. The IDS mailed March 26, 2007 and filed March 28, 2007. The Examiner stated that this IDS was in order, but he did not initial one of the references submitted with said IDS (reference AA on the enclosed). Therefore, Applicants are resubmitting reference AA herewith.
2. The IDS mailed April 26, 2007 and filed May 1, 2007. The Examiner did not initial references 1B through 1L. Accordingly, Applicants are resubmitting these references herewith.

The Examiner refused to consider references 1V through 2I, claiming they were illegible. Applicants are hereby resubmitting legible copies of said references. The undersigned has personally inspected the instances of each of these references that are being submitted to the USPTO, and finds them to be legible.

3. The IDS mailed May 2, 2007 and filed May 4, 2007. The Examiner refused to consider reference 2J, which is a DVD. Applicants have made a transcript of the narrative, titles, and headings in the DVD, and hereby submit said transcript for consideration by the Examiner.

While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR § 1.56, submission of this IDS is not intended to constitute an admission that any patent, publication, or other information referred to herein is "prior art" for this invention, unless specifically designated as such.

In accordance with 37 CFR § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR § 1.56(a) exists. It is submitted that this Information Disclosure Statement complies with 37 CFR § 1.98 and MPEP § 609, and the Examiner is respectfully requested to consider the listed references.

The Commissioner is hereby authorized to charge our Deposit Account No. 19-3140 for any fees required in connection with the filing of this Information Disclosure Statement. This sheet is being submitted in duplicate.

Respectfully submitted,
